DETAILED ACTION

Notice to Applicant

1. This communication is in response to the Declaration of Affidavit Pursuant to 37 C.F.R. 1.131 filed on 1/29/07 of Donald Harrell. Claims 1-25 are pending.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-25 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lam et al (2002/0120527) in view of Parsons (6,411,939), for substantially the same reasons given in the previous Office Action, and incorporated herein.

Response to Arguments

4. Applicant's arguments filed on 1/29/07 with respect to claims 1-25 have been fully considered but they are not persuasive. Applicant's arguments will be addressed hereinbelow in the order in which they appear in the response filed on 1/29/07.

(A) At pages 2-3 of the response filed on 1/29/07, Applicant's argues the following arguments and explanations by showing various Exhibits as proof.

Art Unit: 3627

(i) Submitted herewith is a Declaration of Affidavit Pursuant to 37 C.F.R. 1.131 by one of the named inventors, Donald Harrell of this patent application.

(B) With regard to Applicant arguments, Examiner respectfully states that (a) Applicant does not clearly show at best the steps of: (d) determining a reinsurance portion of the value of said cargo insurance certificate automatically, and (e) processing on-line a subsequent claim from said customer regarding said cargo shipment. These specific features in claim 1 are not described and not disclosed in any of the submitted Exhibit. Therefore, Applicant's has failed conception.

Since the declaration was insufficient, Applicant directed to the rejection of claims 1-25 and the Exhibits presently shown were based on the submission of the combination of the references cited above to reject the claims. Therefore, Applicant's arguments are not persuasive and the rejection is hereby made Final.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 3627

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
